Custom Cabinetry & Architectural Millwork

Our Story

Wood Art & Design is a South Florida-based millwork studio specializing in high-end custom cabinetry and architectural millwork.

We collaborate closely with interior designers, builders, and homeowners to bring thoughtfully designed spaces to life with precision, craftsmanship, and attention to detail.

Our work spans residential and commercial projects, including kitchens, closets, vanities, wall units, and full amenity spaces.

We are involved in every stage of the process – from design development to fabrication and final installation – ensuring consistency and quality throughout.

Custom Kitchen & Bar Davie, Florida

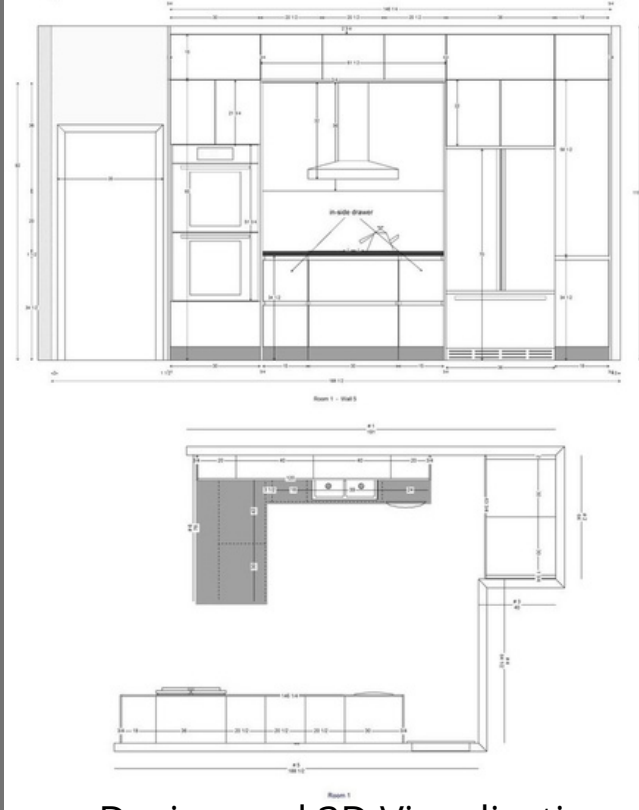

Custom cabinetry and bar station designed, fabricated, and installed by Wood Art & Design.

This project features pre-finished plywood interiors, custom shaker-style doors, and textured walnut-finish laminate.

The scope included full cabinetry fabrication and quartz countertop installation, resulting in a clean, modern, and highly functional space.

Modern Kitchen Renovation Coral Springs, Florida

Design and 3D Visualization

Final installation

Existing space before
renovation

Complete kitchen renovation including layout development, custom cabinetry fabrication, and final installation.

The design incorporates flat-panel cabinetry, integrated handle systems, and durable pre-finished interiors.

All elements were developed through shop drawings and 3D renderings prior to fabrication, ensuring precision and efficiency throughout the project.

Modern Kitchen Renovation Fort Lauderdale , Florida

Complete kitchen renovation including layout development, custom cabinetry fabrication, and final installation.

Custom Residential Millwork Aventura, Florida

Full apartment millwork package
including custom closets and floating
bathroom vanities.

This project was developed in
collaboration with the client from
concept through installation,
incorporating integrated LED lighting
and carefully selected modern
materials.

Custom Closet Systems Aventura, Florida

Custom-designed closet systems tailored to maximize storage while maintaining a clean, modern aesthetic.

Each solution is fabricated to fit the space precisely, combining functionality with refined design.

Custom Bathroom Vanities Aventura, Florida

Custom-built vanities designed to integrate seamlessly with existing layouts.

Each piece is fabricated using high-quality materials and installed with precision to achieve a clean and contemporary result.

Residential Amenity Millwork Lantana, Florida

Design, fabrication, and installation of custom millwork for shared amenity spaces, including kitchen, bar, and pool bar areas.

Developed in collaboration with the general contractor, focusing on durability, functionality, and modern design.

Pool Bar & Outdoor Area Lantana, Florida

Custom outdoor millwork solutions designed for high-use environments. Materials and finishes were selected to ensure durability while maintaining a cohesive and modern aesthetic.

Amenity Spaces Millwork Lantana, Florida

Custom millwork for residential building amenity areas including mail rooms and restrooms. Scope included custom doors, wall panels, vanities, and partitions, all fabricated and installed with attention to durability and design consistency.
